

MEDICAL &  
ANTI-DOPING

SAVVAS GIAKOUMAKIS

## **Competition Venues**

- Athletes' Medical Rooms and Spectators' Medical Rooms, will be available at each competition venue
- Athletes' medical services will provide Field of Play recovery and emergency services, as well as physiotherapy for Athletes only
- Athletes and Team Officials will be able to access these services one hour before the competition, training or warm-up commences and until one hour after the competition, training or warm-up finishes
- Spectator medical services can be accessed by all other client groups represented at the venue.

## **Training Venues**

- Essential and emergency medical services will be available during training sessions at the venues

## **Non-competition Venues**

- Emergency services will be provided through the ambulance service, available 24 hours a day
- Regular first response medical services and emergency services will be provided at designated Games hospitals
- During Opening and Closing Ceremonies medical services will be provided to all client groups
- Ambulances will support the emergency medical response

## **Liability**

- Patras 2019 will not provide public liability insurance for NOCs nor will it assume responsibility for any acts by NOCs, their Athletes or Team Officials

## **Repatriation**

- In the event of death, Patras 2019 will cover repatriation costs and coordinate logistics on behalf of the NOC

## **Anti-Doping**

- The Doping Control Programme will be implemented in accordance with the WADA International Standards
- Patras 2019 will be developing and implementing doping control in collaboration with the ICMG Medical Committee
- Pre-competition and in-competition blood and urine testing will take place
- Sample analysis will be performed in the Doping Control Laboratory of Athens
